

Playpark Meeting Notes

2nd July at the Playpark

Present: Graham Bugler, Julia Jepson, Mel Shine, Colin House, Cathy Purcell, Hannah Gillibrand, Sarah Rudd, Charli Adey

Apologies: Sandra Scutt

These are not minutes (as it was an informal social event), but I thought I should make a note of what we discussed so we didn't forget!

- Action points from the Playpark Inspection.
Castle on mound had been fixed by The Toy Barn
Seat was moved to outside Playpark Boundary
New matting to be purchased to replace the sunken matting under swings, and rubber on rocker– get quote from Toy barn (Julia to do).
Entrapment issue on gate – no real idea... maybe talk to Charlie Read. Volunteers?
- New equipment
JJ said there was some money (not sure how much) - Sandra to Advise.
Charli requested something for toddlers as climbing frame too hard. Group suggested simple logs like stepping stones could be cheap and in-keeping. Julia to ask Simon Read if he has any spare
Julia suggested big fallen tree in field by MizMaze could be used – but upon looking at it again, probably too big!

General discussion for something for older kids as nothing in the park at present - Basketball hoop may be better in the field?

Zip Wire – all agreed it would be great, and much less opposition now that the playpark was looking so nice

Location probably on far boundary

Need to get quotes to get ballpark figure (🙄 – sorry) – Julia to do

Please let me know if there is anything else to add.

Julia
